

OFYR GLOVES & LEATHER APRON

These heavy-duty suede gloves will come in handy for any aspiring grill chef. Heat resistant to 500°C, they offer excellent protection when moving the OFYR cooking unit or handling hot utensils. For safety reasons it is still important to wait until the OFYR cooking unit has fully cooled down before moving it.

The OFYR Leather apron, crafted from high quality leather with riveted logo detail and adjustable strap, is a stylish apron that offers great heat protection and looks even better with age.
