

OFYR WOOD STORAGE & WOOD STORAGE INSERTS

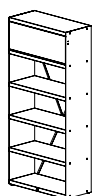

The Wood Storage transforms a stack of wood into an attractive feature wall. A hinged top shelf keeps tools and other items neatly hidden away, and with three sizes available it's easy to find a solution for your space. Available in 216 cm by 100 cm, 200 cm and 300 cm size.

The Wood Storage Inserts are designed to fit neatly into the OFYR Wood Storage unit and are ideal for growing cooking herbs and add a splash of green to the wood pile. Made from steel with drilled drainage holes, they have a narrow 22,5 cm depth so logs can be stored behind.

WS-100
